

Acta Oncologica has just published a paper on "Evaluating comprehensive cancer networks; a review of standards and evaluation methods for care networks to inform a comparison with the [OEI](#) comprehensive cancer network standards" co-authored by [Simon Oberst](#), OEI Director of Quality and Accreditation.

This study aims to:

- ➔ describe methods and standards/indicators for network evaluation found in literature
- ➔ give a comparative overview of the new OEI European Cancer Network Quality standards
- ➔ propose principles for evaluating the performance of Comprehensive Cancer Networks as a basis for continuous improvement

Keywords: Care Networks; Quality Improvement; Evaluation; Accreditation; European Union
