ECI

- The last few years have seen big growth in France, Ireland and above all, Spain…

- Denmark, The Netherlands, and others…

- We are looking beyond Europe – e.g. Latin America

- Slow development in Central and Eastern Europe needs attention (Cost ? Readiness?)

Planning the future

1. Expanding the OECI quality and A&D **community** (within Europe, and beyond)
   - ✓ Our first peer reviews in Latin America

2. Creating more of a sense of community: **spreading excellent practices; offering benchmarking**; proposing support
   - ✓ Second round of excellent practices next year

3. Developing a **'toolbox'** for Centres' development and accreditation – next slide

4. Developing Capacity Building capabilities (CCI4EU)

5. The roll-out of **Network** accreditations following the ONCOZON pilot and applying the principles in SE; NL; FL; IR; FR; IT.

6. Continuing to build ties with ASCO, NCCN and NCI in the **United States** to boost the international recognition of our programme.

7. Publishing a new paper in a **scientific journal** analysing the results of our centres

8. Developing a **paediatric** module for our Standards

Organisation of European Cancer Institutes - EEIG
