Patient
Co-Chair

Community

6 meetings
per year

Minutes and actions to
Board and Executive
Groups

Feedback, actions, input
and queries from Board
and Executive Groups

Research

Lab Visit Jan 2024

Task: Co-Design a patient survey

Purpose: Review content on webpage for the cancer clinical trials centre in the Cancer Centre

Education

Review results, with CPPWG and Cancer Clinical Trials Team and decide actions

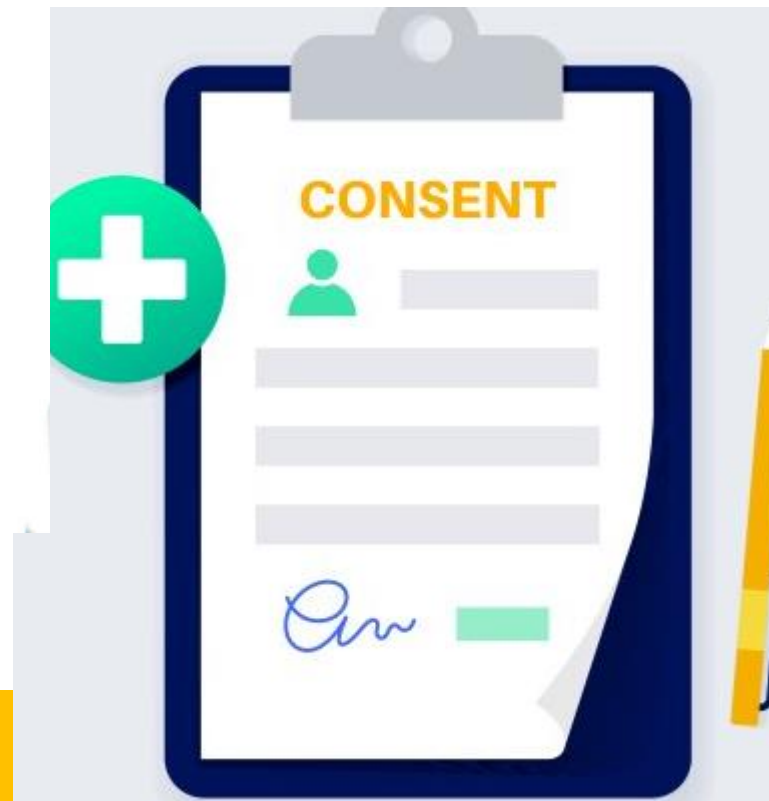

Adapt Survey – Use to update and improve webpages for specific tumour groups.

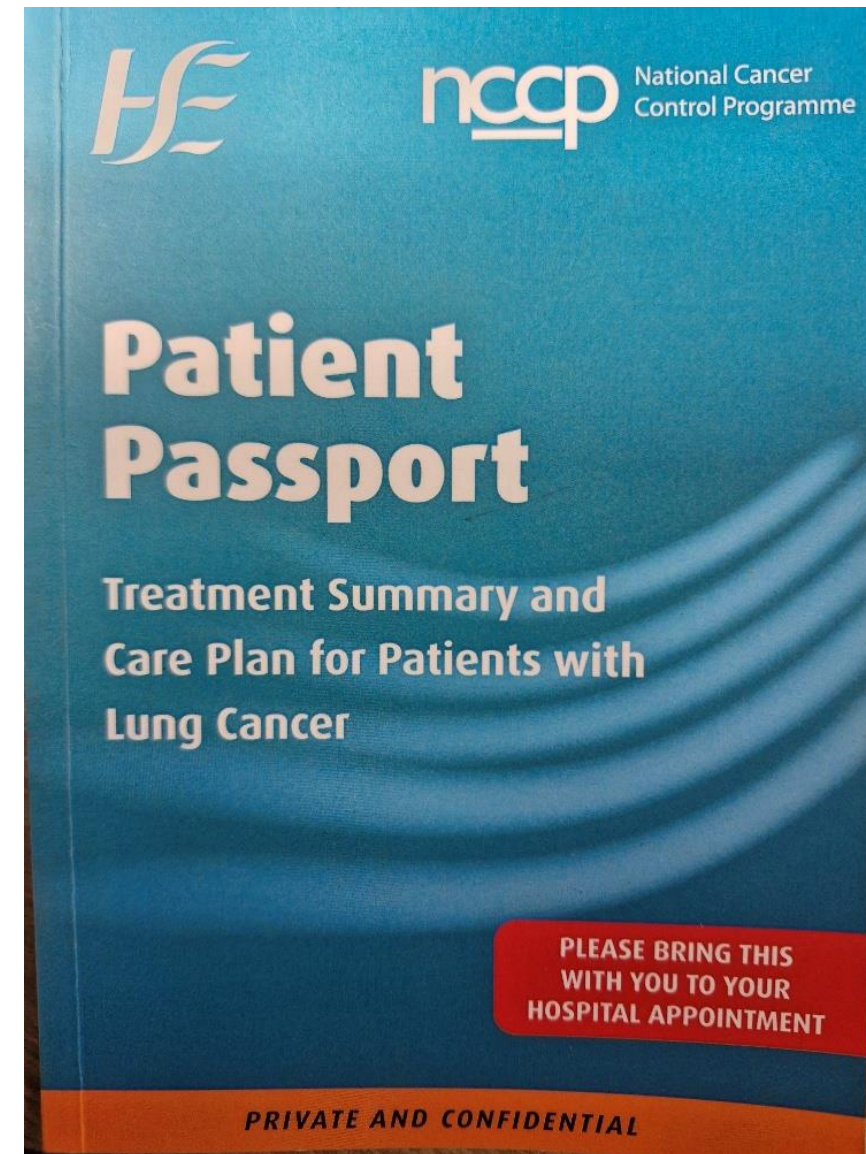

For patients that took part, share the results and actions!

Medical Oncology Consent Form redesign

Clinical Practice

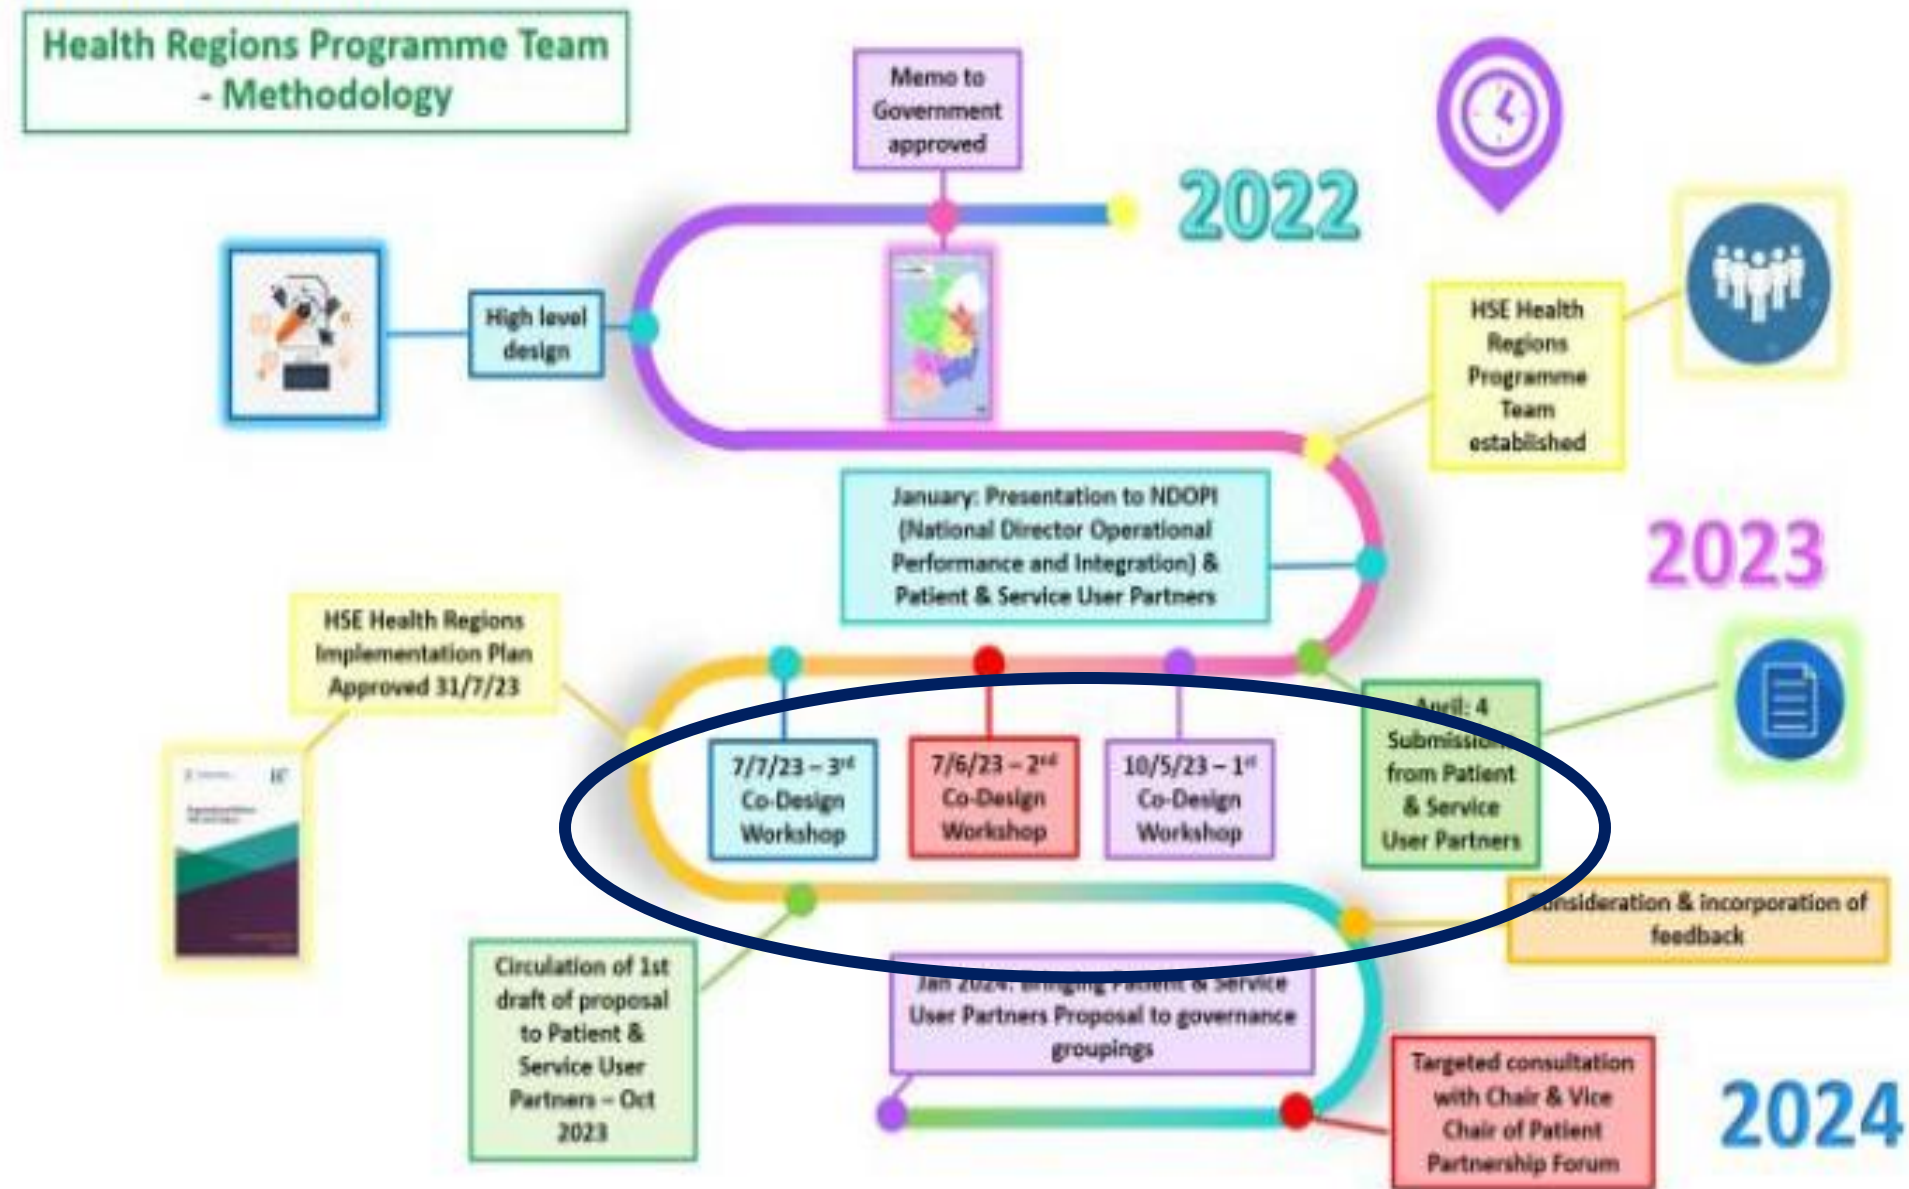

National Lung Cancer patient treatment summary and care plan

Penile Cancer Support Group

What's happening nationally in Ireland

Health Service Executive (2024) Regions Programme Team Proposal on Patient and Service User Partnership in Health Regions Design

3rd HSE Patient Partnership Conference (2025)

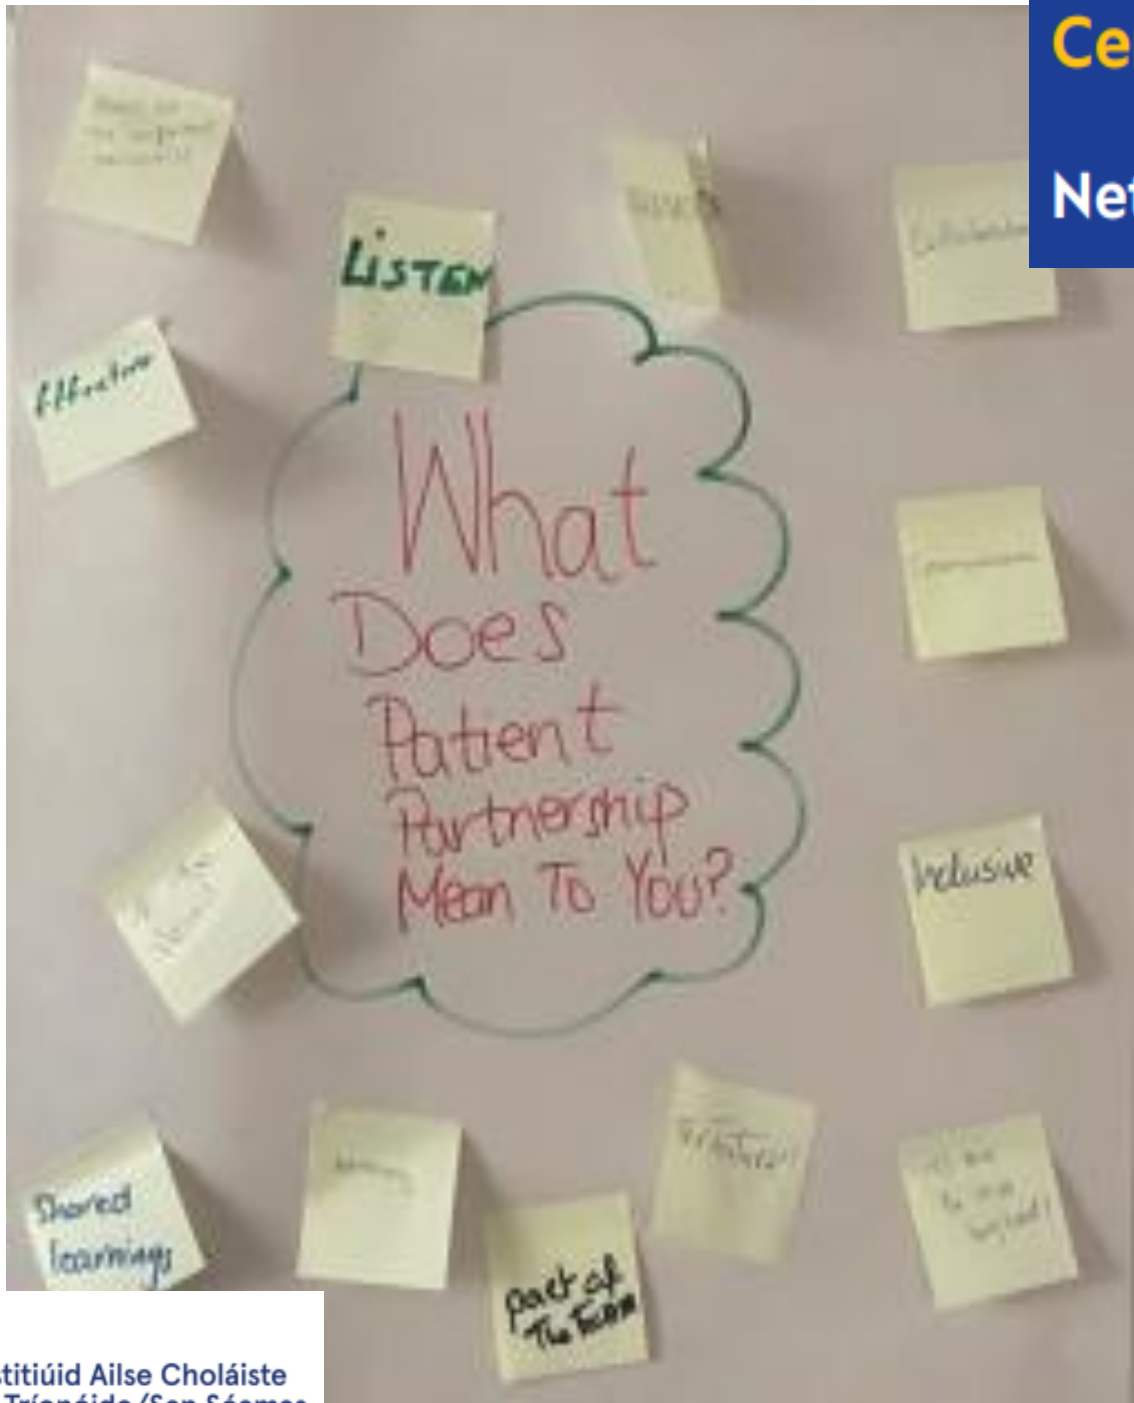

"Navigating our partnership journey together"

Celebrating Patient and Public Partnership in Cancer Centres through Connection and Collaboration

Networking & Workshop Event Report | October 2024

Next steps for a National Cancer PPP network

Building and strengthening patient partnership in cancer centres

1. Governance and leadership in cancer centres
2. Staff education about PPP.
3. Communication about PPP
4. Network structures

Next Steps

1. Network Structures
2. Shared learning and development of PPP
3. PPP recruitment
4. PPP support to be involved

**Avoid
reinventing
the wheel**

**Grow
together and
share ideas**

**Align with
OECD
working
group for
patients**

**Align with HSE
Framework for
patient
involvement**

**Implement
and Utilize
EUonQoL as
a country**
