## OECI WORLD IS OPEN TO NEW MEMBERS

- Algeria

- Brasil

- Chili

- Colombia

- Jordan

- Vietnam

- Lebanon

- Moldavia

- Tanzania

- Turkey

- Ukraine

- China

1

## A bottom up process but ...

- > **Accreditation and Designation as the core projet**
- > **Whatever is the starting point with OEI objective is « on the way to quality»**
  - + Several center are ready (Jordania, Brasil, ...)
  - + FALP Santiago already designated as a CANCER CENTER

## 2 important departure points for putative Twinning process :

- 1 **To collect already existing link between these center and others OECE  
European CCC**
- 2 **To define a twinning procedure between associate members and OECE  
centers and in between associate members.**

## Already an important South America project

- To set up an « OEI like » network between 10 centers looking to high level of European standard together

## FIRST MEETING IN MILANO

### *VILLA VERONESI September 11 and 12*

- Introduction (Giovani Appolone, Claudio Lombardo, Thierry Philip)
- Presentation (10') of each of the 11 participants (with focus on already existing link with other OEI centers)
- OEI accreditation and designation program
- Carla Finocchiaro : How to access for European funding
- WHO opportunities
- IARC opportunities
- South America project
- Return to the FALP visit of accreditation
- Twinning : one example
- Set up of OEI WORLD (Signature of a MOU)

## IN CONCLUSION

- Associate member type B! We care!
- Create new bilateral collaboration between European and non European countries
- Promote the concept of quality using European standard
- Access to OEI Designation and Accreditation program
- Define new certification model adapted to local contexts
- Support the adoption of National Cancer Plan (OEI Lebanon Cancer Plan)
- Support the concept of patients as a recipient of the best possible treatment
- Link with IARC and WHO programs when possible

## A specific program for Ukraine

- ❖ Kavetsky Institut, Kiev : already member
- ❖ National Institut of cancer, Kiev : member *2024*

## OECI PROPOSALS

1. **Prevention and Screening**
2. **Help to establish diagnosis & molecular pathology laboratories**
3. **Access to drugs**
4. **Reconstruction of Ukraine Oncology according to European standards**

- Create new bilateral collaborations between European and extra-European institutes
- Develop projects on international financing funds
- Promote the concept of quality in their institutions
- Access, where possible, the OECD Accreditation and Designation Programme
- Define new certification models adapted to local contexts
- Collaborate in the establishment of new oncology networks that bring together specific countries on a continent tailored on the OECD model
- Support the adoption of national cancer plans
- Support the concept of patient as a recipient of the best treatment opportunities notwithstanding his/her residency
- Bring OECD and institutes from other continents closer to the WHO and IARC programmes
- In particular for countries such as Ukraine or similar, the collaboration will focus on:
  - promoting awareness and education programmes to reduce the negative impact of tobacco and alcoholic beverage consumption;
  - promoting healthy eating, physical activity and a healthy lifestyle among the population;
  - raising public awareness of harmful environmental factors that have carcinogenic effects;
  - increasing vaccination of new-borns against hepatitis B;
  - increasing the number of hepatitis B and C cases treated;
  - increasing the level of vaccination against human papillomavirus;
  - raising public awareness of cancer prevention measures.
  - setting up cancer screening and early diagnosis programs;
  - increasing the effectiveness of primary care;
  - increasing the level of early detection of childhood cancer;
  - reducing the incidence of cervical cancer;
  - reducing the incidence of colorectal cancer;
  - increasing the proportion of cancer cases diagnosed at an early stage in children and adults;
  - Reconstructing the healthcare system damaged by a conflict.

**A MOU to be signed  
at Milano during the  
first meeting**

**Algeria**

- Dept. of Oncology Gen. Hospital, Algeri

**Brazil**

- AC Camargo Cancer Centre, San Paulo
