

EMPOWERING CANCER NURSES' KNOWLEDGE AND PROFESSIONAL GROWTH

12.6.2024 Aino Kormilainen, Clinical Nursing Specialist, HUS
OEI 2024 Oncology Days, Helsinki

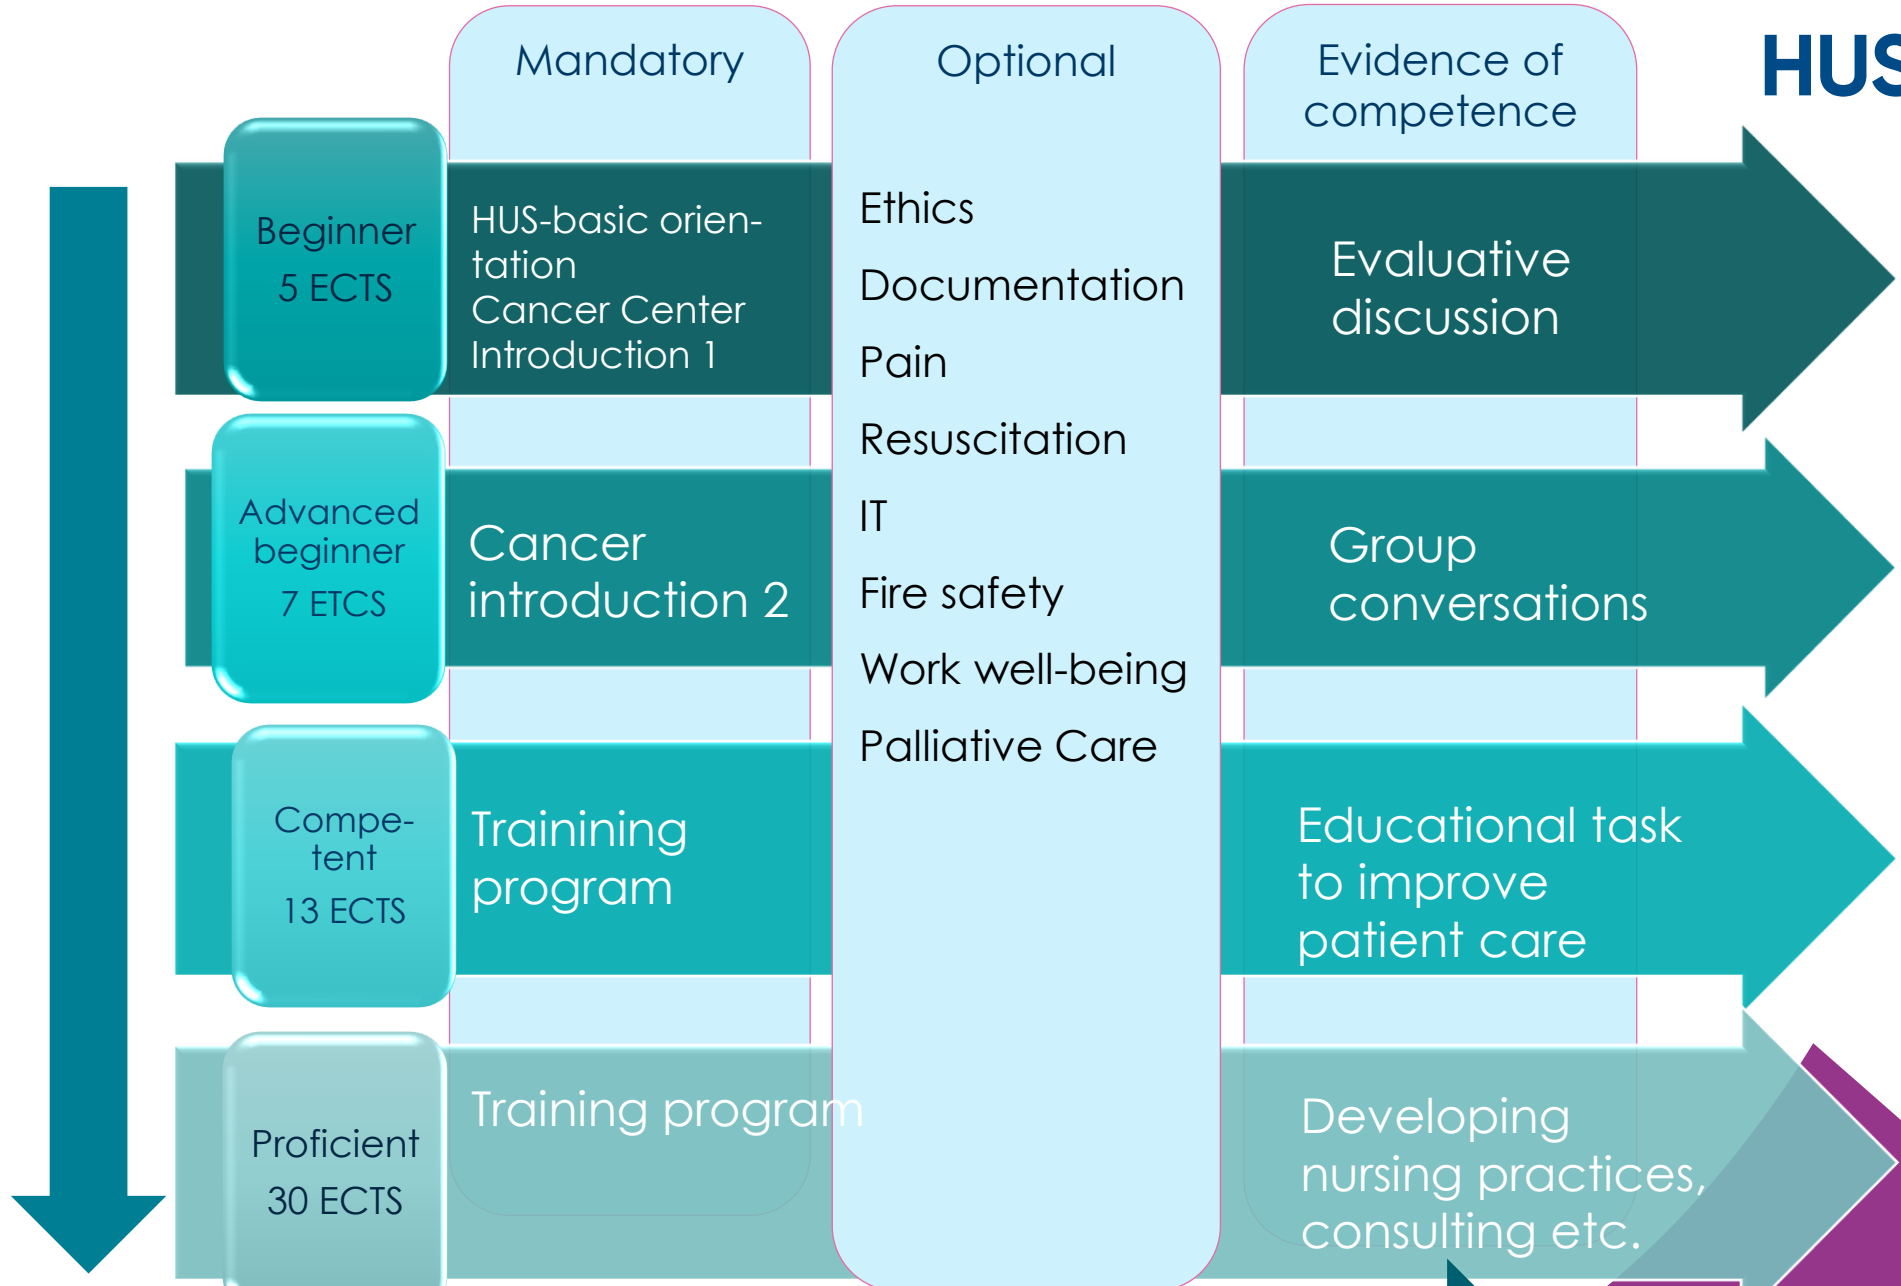

NEED FOR SPECIALIZED EDUCATION

- Increasing number of cancer patients
- Continuously developing treatments
- Best care for patients
- Basic degree education for nurses doesn't include enough oncology studies
- Deeper knowledge

EMCAN® MODEL

EMCAN® MODEL

Goals:

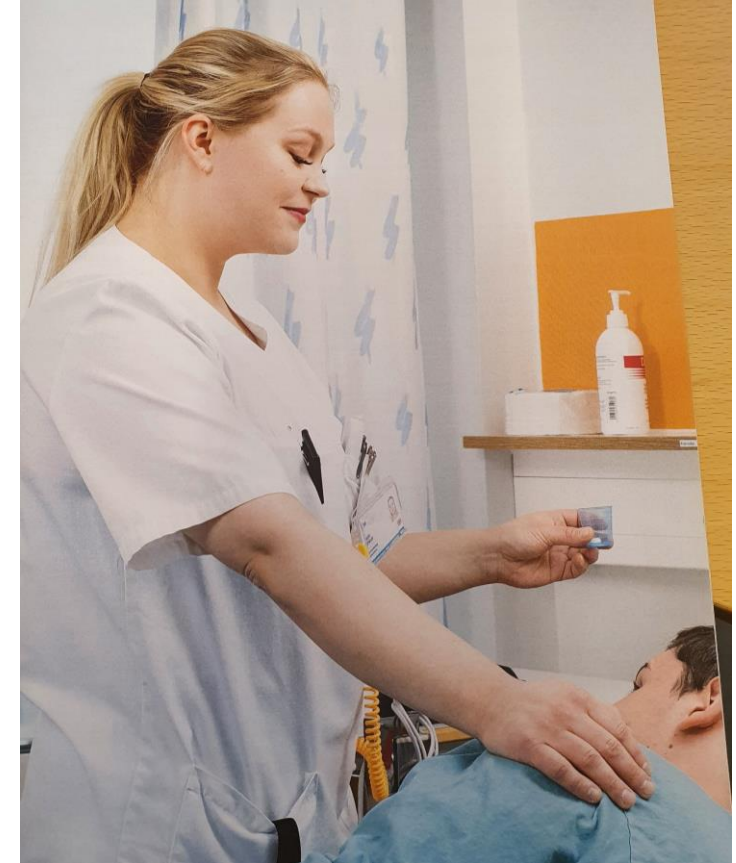

- 1) Strengthen nursing's position and profile
- 2) Increase job satisfaction
- 3) Maintain the professional skills and reinforce it throughout career
- 4) Offer management tools to implement strategy

PAST AND UPCOMING EDUCATION AT THE HUS CCC

Collaboration with Metropolia University of Applied Sciences since 2013

- Competent Cancer Nurse
- Proficient Cancer Nurse
- Palliative care nurse
