UKRAINE AND FRANCE

The Ukrainian situation today

Vasyl CHEKHUN

Olha ROSSYLNA

OEI FOR UKRAINE

OEI WILL HELP UKRAINE

- Firstly politically
- Financially too

37.8 billion euros (financial & humanitarian support)

2023- **18 billion euros** including 12 for military support

17 billion euros to support member states to welcome and treat if necessary refugees.

The diagnosis of the situation before and now during the war was very clearly summarized by Vasyl Chekhun and Olha Rossylina

The priorities to help were also clearly presented.

OECI PROPOSALS

- 1 - Prevention and Screening**
- 2 - Help to establish diagnosis & molecular pathology laboratories**
- 3 - Access to drugs**
- 4 - Reconstruction of Ukraine Oncology according to European standards**

1 – PREVENTION AND SCREENING

OEI will contact European communication agencies to set up a major campaign on the 40% of preventable cancers.

2 – DIAGNOSIS & MOLECULAR PATHOBIOLOGY LABORATORIES

IEPOR listed them

OECD will work to secure European funding and
create a business group to support the project

3 – ACCESS TO DRUGS

**It is not a major problem thanks to the help of NGOs
 Each OEI Member will contact an NGO
 in its country to try to increase the result**

4 – RECONSTRUCTION OF UKRAINE ONCOLOGY ACCORDING TO EUROPEAN STANDARDS

This should be done at the end of the war

Preparation phase should start now

4 – RECONSTRUCTION OF UKRAINE ONCOLOGY ACCORDING TO EUROPEAN STANDARDS

- Analysis of the situation of the 27 Regions
- List of core standards for 8 CCCs
- List of standards for a Network around each of the 8 CCCs
- Training programmes for GPs and specialists
- Hosting of doctors, nurses and technicians in OEI centres
