1) What levers were needed to overcome the obstacles?

2) How it was an **opportunity** to unite the paramedical teams around a common project?

The obstacles we faced

A reorganization of our university hospital within the AP-HP in 2019

The Covid-19 crisis

Heterogeneity of the care provided in our university hospital

How we managed to set up a common project for paramedics? Focus on human resources

1) Building of a questionnaire on the methods of recruitment in oncology departments

2) Inventory and updating or formalizing of the tools

3) A help to prepare French certification
